

a second binder layer formed to seal said printed part in co-operation with the first binder layer, the second binder layer contacting the first binder layer along a periphery of the printed part; and

B1
Cont wherein said resin panel body is integrally molded with said insert film by an insert molding so that a surface of the resin film of said insert film at the side on which a printed part is formed faces inside.

8. (Amended) The resin panel according to claim 7, wherein said resin panel body is directly adhered to said resin film at an outer side of the periphery of the first binder layer.

B2 9. (Amended) The resin panel according to claim 7, wherein said second binder layer covers the periphery of the first binder layer to directly adhere to said resin film; and wherein said resin panel body directly adheres to said resin film on an outer side of the periphery of said second binder layer.

REMARKS

Claims 7-14 are presently pending. Claims 1-6 were previously canceled. Claims 7, 8 and 9 have been amended. No new matter has been added. Please see Appendix I for a marked-up version of the amended claims. Applicants respectfully request reconsideration of the above-identified application in light of the above amendments and following remarks.

Rejections under 35 U.S.C. §112

1. Claims 7-9 were rejected under 35 U.S.C. §112 as allegedly being indefinite. Applicants respectfully traverse this rejection.
